COMPANY PROFILE

WEIGH UP ANCHORAGE NOW AND ENJOY CLEAR SAILING AHEAD

Anchorage Marine was first launched in 1980 – and it's been steady as she goes ever since.

Not that we haven't had our share of heavy weather, but while others have sunk without trace, Anchorage Marine has sailed on to become one of Australia's leading marine hull insurance specialists, with a solid reputation as conservative, safe, and reliable.

Which are exactly the qualities you need in your insurance company – especially when it comes to your most treasured asset.

Since the early days, we have been proud to offer our clients the strength and stability of QBE Insurance as our underwriters.

Together we offer you a combination of specialised care and security.

THE INSURANCE SOLUTION OWNED BY BOAT OWNERS

Both our principals are boat owners, actively involved in watercraft for a total of over 60 years.

So we know what you're up against. We know what can go wrong. And we know how to put it right.

Boats are our passion. Insurance is our expertise. Which is why Anchorage Marine is the marine specialist you can trust.

Because Marine Hull insurance is our specialty and nothing else, you can rely on Anchorage Marine to treat you with the intelligence and support you deserve.

And you can rely on us to provide advice you can trust.

So if you're serious about your vessel, now's the time to think seriously about asking Anchorage Marine to look after your most treasured asset.

CALM WATERS AHEAD WITH ANCHORAGE MARINE

Since the earliest days, old sailors – and young ones who wanted to live to be old – have always known to take proper precautions.

Strange things happen at sea. Which is why you need insurance policies back on land that are reliable.

And when it comes to Australian waters, Anchorage Marine Underwriting Agency Pty Ltd is one of the safest harbours you could wish for.

Here's just some of the reasons why.

PROVEN RELIABILITY.

When it comes time to insure your most treasured asset, it's reassuring to know you'll find safe harbour with Anchorage Marine.

In a race where so many other marine insurance agencies have been unable to take the pace in recent years, Anchorage Marine has sailed on to become one of the most solid and respected agencies in the fleet.

Anchorage Marine Underwriting Agency Pty Ltd has been established since 1980. Like you, we know we have what it takes to handle rough weather, because we've been through it before.

FINANCIAL SECURITY

We wouldn't dream of taking chances with your money or your treasured assets. We are fully underwritten by QBE Insurance (Australia) Limited.

SOLID REPUTATION

Our reputation for integrity, reliability and professionalism is our most valued asset.

Anchorage Marine is recognized as a leader in our field. In fact, the service provided by Anchorage Marine is so specialized, many insurance brokers deal with us exclusively for their Marine Hull insurance.

COMPETITIVE PERFORMANCE

We know your vessel is more than just a boat. It's special and uniquely yours. It simply doesn't make sense to cut corners in marine – if your policy isn't watertight, you're sunk!

Dependable insurance doesn't lie in cut price policies or inflated renewal premiums. To offer value, insurance should be consistent, competitive and professional.

With Anchorage Marine you benefit from knowing you have the cover you need for peace of mind – and nothing less.

PROFESSIONAL PERSONNEL

Ever been tempted to give up when an insurer keeps asking you question after question that reveals they don't understand marine?

Frankly, Anchorage Marine is run by boat people – chances are you've seen us on the water a number of times.

We know what we're talking about because we specialize in marine insurance. We live it. We love it. We appreciate your needs are distinct and you deserve individual attention.

When you talk to our experienced personnel, you'll be pleasantly surprised at how quickly and easily they can tailor a policy to meet your needs. Believe us, we do know you have better things to do than discuss insurance!
